Dear Parent/Carer,

GCSE Science Revision Cards

AQA has created packs of revision question cards for GCSE Biology, Chemistry and Physics. These cards cover every key Grade 9-1 AQA topic. Each card has a series of increasingly challenging revision question with detailed and clear answers printed on the back.

The OAR Science department believes that these cards are an extremely useful resource for Year 11 students preparing for their upcoming GCSE exams. Whilst these cards are available elsewhere, they can be purchased from the school at the reduced price of £4 per pack for triple science subjects and £3 per pack for combined science subjects.

If you are interested in purchasing any of these revision cards please fill in the slip below. Return the slip and payment to the Finance Office.

Yours faithfully,

Maxine Carpenter-Harvey
Head of Science

Please complete and return with payment (£4 per triple science pack and £3 per combined science pack) to the Finance Office.

Student name: _____

Pack	Quantity
Biology: Triple	
Chemistry: Triple	
Physics: Triple	
Biology: Combined	
Chemistry: Combined	
Physics: Combined
